Inside its exterior lies a robust energy storage system, capable of storing up to 15.36kWhr and delivering an output of 6000VA. Whether It's for powering remote construction sites, supporting disaster relief efforts, or enabling off-grid operations, this trailer ensures reliable energy wherever it's needed most.

ENERGY. ANYTIME, ANYWHERE.

With its ability to be airlifted to virtually any location, the **WISE MOVE** Energy Storage Trailer revolutionises the way energy solutions are deployed in challenging environments. Experience the freedom of energy independence, elevated to new heights with our innovative trailer.

SPECIFICATIONS

Nominal Voltage	51.2V
Battery Chemistry	LiFEP04
Maximum Storage Capacity	15.36kWhr SafeBatt Pro LFP
Battery Manufacturer	SafeBatt
Inverter Output Capacity	6000VA
Maximum Aux PV Voltage	450V
Maximum Aux PV Input	5.7kw
Generator Onboard	6kVA
Onboard PV	1.2kW
Fuel (L)	80L
IP Rating	IP44
Remote Monitoring	Victron VRM Portal/Custom HMI-PLC
Communications	Upto 2x Mobile Starlink, Peplink HD1 Dome
Fitted Outlets	230v: 15A, 32A, 10A Inlet, 12v: 50A Anderson, Dual USB. 230v & 12v extended break out boxes (optional)
Fitted Options	Motion Sensor LED light above outlet panel, Fuel Level Monitoring
Options	Flood lighting with retractable post, portable additional solar panels
Modes	Silent Deployment, BatteryLife, Sleep, Shutdown
Safety Features	Emergency Stop, Earth Leakage/ RCD Protection, Ground Fault Monitoring, All batteries and PV are deemed ELV, Electric Brakes, Handbrake
Weight	1090kg
Compliant Standards	AS3000, AS4509
